# Chiarra Coffee Table

# Chiarra Coffee Table

The Chiarra coffee table is defined by a refined interplay of materials and precise structural balance. A brushed bronze metal detail intersects clean oak planes, creating subtle definition while maintaining a cohesive silhouette.

The model shown measures 150 x 70 cm, but dimensions can be fully customized. The oak top and base are available in all our signature finishes, including high gloss lacquer on request.

A version with an integrated drawer is currently in development to expand storage functionality while preserving the table's architectural clarity.

150 x 70 x 45cm | 59 x 27.5 x 17.7 in.
