Naga Dining Chair

Naga Dining Chair

The Naga Dining Chair has been a longstanding model in our collection, recently updated with a refined leg profile to complement its tailored silhouette. Constructed in solid wood and fully upholstered, it offers quiet presence and enduring comfort.

Equally suited to use around a dining table or as a standalone piece in a living space or study, the Naga adapts with ease to both formal and informal settings.

The solid wood base is crafted in oak or ash and offered in four standard finishes. Upholstery requires 2.5 meters of fabric, available from our curated textile collection or supplied as C.O.M. (Customer's Own Material).

56 x 48 x 75 x Arm Height 64cm | 22 x 19 x 29.5 x Arm Height 25 in.
