MAISON SBG

Bentley Side Table

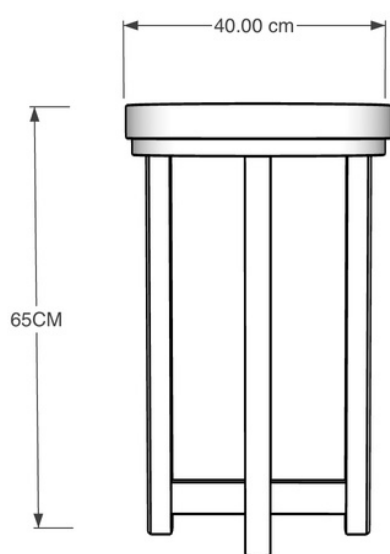

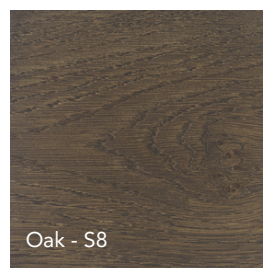

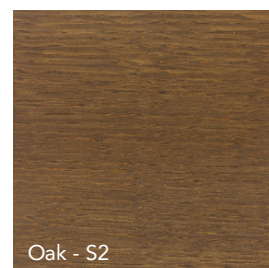

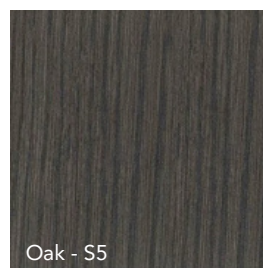

Bentley Side Table

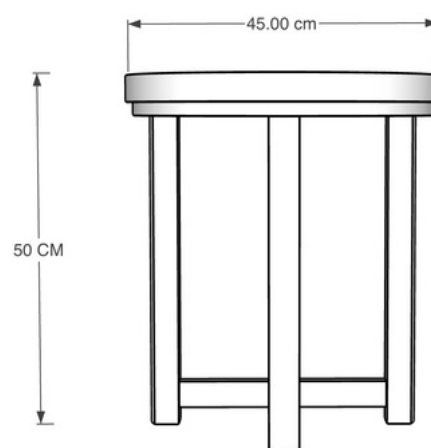

Defined by clean lines and quiet detailing, the Bentley collection offers a versatile and elegant solution to different design needs.

Available in three formats—Low Side Table, High Side Table, and Tea Table—each piece is made in oak and can be finished in any of our signature colors. Tops are available in matching wood or marble inlay, offering subtle material variation within a consistent form.

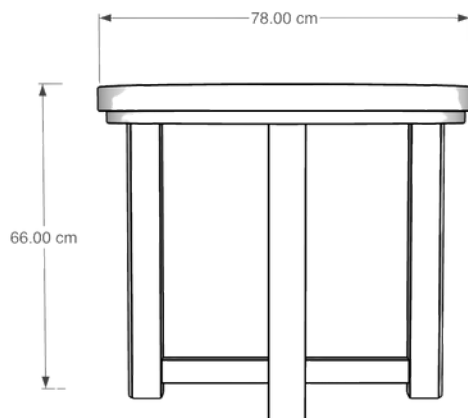

The Tea Table is proportioned to sit comfortably in front of a sofa, making it suitable for use as a coffee table or for informal dining. With its restrained profile and considered proportions, the Bentley collection integrates easily into a range of settings.
