MAISON SBCG

Recamier Sofa

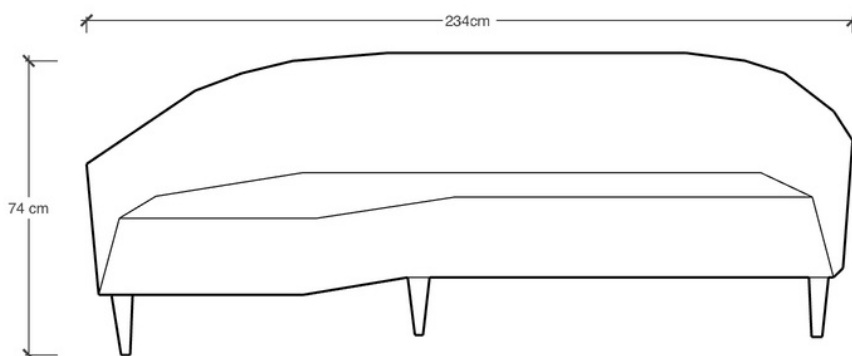

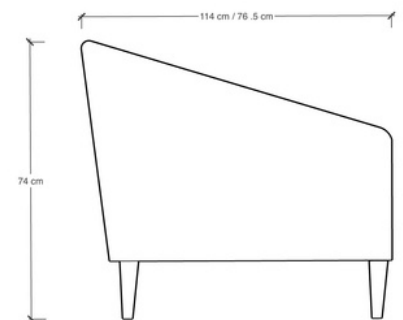

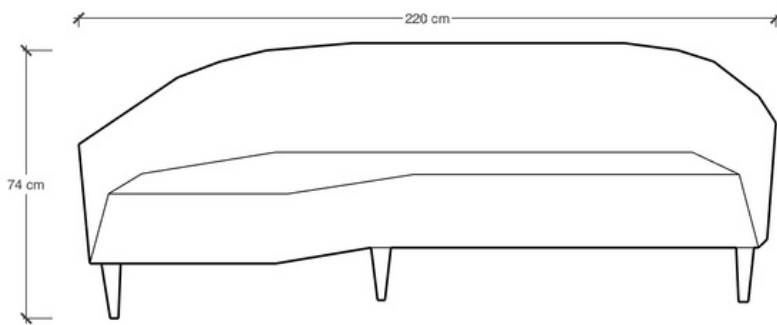

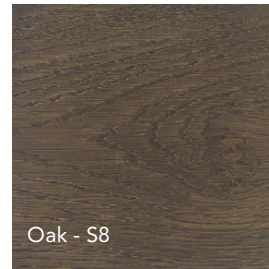

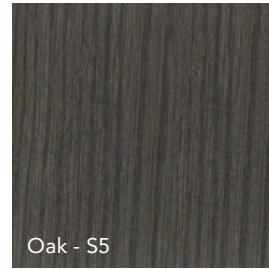

Recamier Sofa

One of our most established and classic models, the Recamier Sofa is characterized by its asymmetric profile and sculpted lounge extension. The design balances visual interest with spatial efficiency, making it a practical choice for both traditional and modern interiors.

Standard overall length ranges from 220 to 235 cm. The fixed lounge end retains its dimensions, while the opposing side can be adjusted by 10, 20, or 30 cm to accommodate layout requirements. Due to the frame geometry, further customizations are limited.

Ideal for residential projects where proportion and form are key, the Recamier offers discreet elegance and dependable comfort.

The solid ash feet are available in four versatile finishes. Upholstery requires 13 meters of fabric, available from our curated textile collection or provided C.O.M. (Customer's Own Material).
