Cloe Tables

Defined by sculptural elegance and refined craftsmanship, the Cloe collection blends modern sensibility with classical restraint in a seamless expression of timeless design. With their poised silhouettes and rich finishes, they present a harmonious interplay of geometry and warmth. The round surfaces—accentuated by subtle beveled edges and a radiant starburst motif rest atop slender, gently arched legs that connect through a dynamic cross-stretcher, marrying structural integrity with visual lightness.

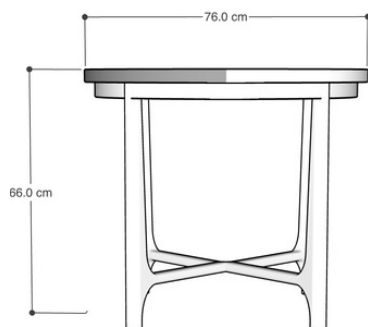

Available in richly grained oak, the collection is available in our full range of stains and finishes—including high-gloss tops for a refined, luminous touch.
